5.Reflecting Questions

1. **Did your estimations reflect the actual effort?**
   Mostly yes. The assigned story points reasonably reflected each task's complexity and effort, with minor differences during implementation.
2. **Was your backlog well-prioritized?**
   Yes. High-impact core functionalities were prioritized first, ensuring essential project workflows were addressed before secondary features.

3. **How did your simulated sprint align with your plan?**
   The sprint closely followed the plan, with most selected stories progressing from To Do to In Progress and Done as expected.
4. **What insights did the burndown chart give about your team's capacity?**
   The burndown chart showed steady progress and helped assess whether the team's workload was realistic within the sprint timeframe.
